Looking for opportunities to build your skills and experience in ecological stewardship and natural resource management?

The Natural Resources team at Sonoma County Regional Parks is looking to hire early career field technicians to assist in forest management, prescribed fire, fuels reduction, invasive plant management, environmental stewardship, and ecological restoration programs. Grow your career by engaging in a variety of field-based projects that encompass a broad diversity of ecosystems including forests, oak woodlands, coastal prairies, dunes, vernal pools, and grasslands. Help steward healthy ecological communities for your community!

Park Aide – Natural Resource Field Technicians

- Pay: \$20.95-25.46/hour
- 30-40 hours a week
- 6-8 hours a day
- Seasonal Employment: 9 months on (Aug-Apr, or Feb-Oct), approximately 3 months off
